Message

Dear Participants of APEC Women Leaders Network Meeting 2001,

On the occasion of the opening of APEC Women Leaders Network Meeting 2001, I wish to extend on behalf of the Government of the People's Republic of China and Chinese people and in my own name our warm welcome to all participants coming from afar, and our heartfelt congratulations to all of you on the opening of this meeting.

The 21st century is one full of opportunities and challenges. For the realization of world peace, development and prosperity, women from Asia and the Pacific have come together, facing up to challenges courageously. Women from the APEC region have taken the initiative to actively involve themselves in the development and cooperative activities of APEC and have made important contributions to the economic sustainable development in the region.

I firmly believe that women, through their active participation in international cooperation, will surely promote their mutual understanding, deepen their friendship, obtain more experiences and professional skills, and play a greater role in the development of world economy.

I wish APEC Women Leaders Network Meeting 2001 every success!
